

Nevada Workers' Compensation Claims Administration Certificate Program

Your Path To A Better Career!

Developed and delivered exclusively by IEA, the WCCA program is your introduction to the field of workers' compensation.

The program consists of three 30-hour courses designed for workers' compensation specialists employed by insurance companies, self-insured organizations, third party administrators, and others who would benefit from a comprehensive course of study on workers' compensation claims procedures and practices

Only Three Classes!

The list below will take you to more information on individual courses. A grade of "C" or better is required for each course. Upon successful completion of all three courses, students will receive a certificate of achievement.

- [NV 10 - Workers' Compensation Claims](#)
- [NV 11 - Workers' Compensation Medical Terminology and Applications](#)
- [NV 12 - Workers' Compensation Claims Advanced](#)

Program Detail

NV 10: Workers' Compensation Claims

Description: NV10 will provide the student with a comprehensive overview of Nevada workers' compensation statutes and regulations, as well as claims handling procedures.

What you will learn

- Introduction to the history and philosophy of Nevada workers' compensation
- Definition of "employer" and "employee"
- Medical benefits
- Treatments and case management
- Compensation benefits
- The appeals process
- Vocational rehabilitation requirements

NV 11: Workers' Compensation: Medical Terminology & Applications

Description: NV 11 will focus on the industrial aspects of injuries and discusses those most commonly associated with workers' compensation claims. Medical specialists will present relevant data assisting students in correct interpretations of medical reports on the industrially injured worker. Emphasis will be placed on medical terminology.

NV 12: Workers' Compensation Claims Advanced

Description: This course provides the student with a comprehensive study of Nevada workers' compensation statutes and regulations.

What you will learn

- Determinations
- Acceptance/denial
- Claims management/case management

- Investigation and surveillance
- Fraud
- Knee and shoulder injuries
- Reserving
- Regulatory claim audits
- Hearings and PPD ratings
- Subrogation and subsequent injury fund
